### **Alex Tomb - Techno House (UK, London)**

[www.myspace.com/alextomb](http://www.myspace.com/alextomb) – live & DJ

Alex Tomb aka Alexis Toumpouris started studies on Music Technology in the UK, as well as music production two years ago. "I love techno music so that's what I'm creating. When spooky atmospheres and mysterious melodies begin to sink through to your subconscious, hypnotizing, for as long as you can take it. The style of music I'm playing and producing can be described as mainly techno with a minimal approach on elements. It is heavily dark and hypnotic without knowing what to expect..." ### **Humantronic - Techno (France)**

[myspace.com/humantronic](http://myspace.com/humantronic) - live & DJ

This composer-producer-jock comes up with the very personal project that people had been waiting for. The debut EP features James Taylor (Swayzak) and Cabanne... Some highly specialized material indeed. Humantronic reveals his own vision of techno: mesmerizing, massive and groovy tunes inspired by the great forebears as much as by new-school electro whiz-kids. For all that, Humantronic is a deeply rooted project in its own era. He handles with equal ease both Final Scratch and Ableton Live, the fine software he uses on stage to present his repertoire...
