He has also had the privilege of supporting international dj's Spencer Parker, Ben Watt, Dubfire, Stephan Bodzin, Stacey Pullen, Steve Rachmad and Richard Dinsdale where he was asked by Richard to join him in the last half an hour of his set.

In 2004 he started writing and producing his own tracks. Teaming up with close friend Shamus in 2005, Pete Nouveau and Shamus remixed the (Stafford Brothers) track I CAN SEE, which was signed to the (Tinted record label)
