Bio :

Voodoo J, aka Jerome plays music since the age of 15. He has been developing his art during 10 years on the amplified music scene playing bass, guitar and percussions. In 2000 he started producing, while discovering the computer possibilities for the creation of music. It has been a true revelation for him to be able to make tracks with only a computer and a midi controller.

Since then **Voodoo J** has built his own home studio and dedicated his talent to electronic music in all its manners.

2001 he integrated the "Exzyt" audio & visual collective and from this time on, he performed in a huge amount of events: "Les nuits blanches" (Paris), "Dolmush X Press" (Berlin), festival "Eme 3" (Barcelona), festival "Emergences" (Paris), "Biennale architecture" (Barcelona), "Mapping Festival" (Geneva)....

2007 Voodoo J starts his own radio show in Strasbourg on RBS fm, to get people discovering techno and minimal electro music, An acoustic experiment characterized by its groovy sounds and its energizing mixes.

Since then, he played in numerous of Events like at Love connection, Panic at Work, Electro Flowers, I Electro summer session, Big Bang, DV1, Elastic bar, La Java (Paris), L'Osmoz, L Elektron, Le Tunnel, La laiterie clubbing, Voodoo night, Dancing together, Universal Dog... Let's get Cheri Cheri !
